OBJECTIVE:-

- Enthusiastic and dedicated frontend developer with a strong foundation in HTML, CSS, and JavaScript. Eager to contribute creativity and a keen eye for design to create engaging and user-friendly web experiences. Passionate about staying updated with the latest industry trends and technologies to deliver cutting-edge solutions.

TECH SKILL:-

- **HTML5** and **CSS3**: Proficient in creating structured web layouts and styling for engaging user interfaces.
- **JavaScript**: Familiar with core concepts, enabling interactivity and dynamic content on web pages.
- **Responsive Design**: Knowledge of designing web applications that adapt seamlessly to various screen sizes.
- **Git**: Basic familiarity with version control to collaborate effectively within development teams.
- **UI/UX Principles**: Awareness of design concepts for creating user-friendly and visually appealing websites.
- **Developer Tools**: Competent in using browser tools for debugging and optimizing frontend code.
- **Performance Optimization**: Understanding of techniques to ensure fast-loading and efficient web experiences.
- **Team Collaboration**: Effective communication skills for working harmoniously with designers and backend developers.
- **WordPress**: Basic familiarity with WordPress, allowing for the creation and customization of websites.
- **Photoshop**: Proficient in using Photoshop for basic image editing and optimizing visual assets.
- **Illustrator**: Skilled in using Illustrator for creating vector graphics and enhancing design elements.

WORK EXPERIENCE:-

❖ Freelancer: May 2023 – Present

- **Role & Responsibility:**

- Collaborated closely with clients to gather project requirements, provide updates, and ensure client satisfaction.
- Developed responsive and user-friendly web interfaces using HTML5, CSS3, and JavaScript, enhancing user engagement and experience.
- Utilized design tools such as Photoshop and Illustrator to create and optimize visual assets for websites.
- Effectively managed project timelines, budgets, and communication to ensure timely project delivery.
- Demonstrated adaptability and versatility in working across diverse industries and project scopes.
- Leveraged expertise in WordPress to customize and develop websites according to clients' specifications.
- Implemented best practices in performance optimization and browser compatibility to ensure optimal user experiences.
- Continuously learned and incorporated new technologies and trends to provide cutting-edge solutions.
- Remember to adjust the details based on your actual experience and achievements as a freelancer. Including your freelancing experience demonstrates your practical skills, project management abilities, and adaptability, which can be highly appealing to potential employers or clients.

Education Profile :-

- Bachelor of ARTS from Burdwan University (2020-2023)
- Diploma in Fronted Developer from WsCube Tech on 2023

Personal Projects:-

- ❖ Developed a personal portfolio website showcasing various web development projects and skills.
